RE: Area 2-Otsego City Impoundment Supplemental Remedial
Investigation/Feasibility Study (SRI/FS) Reconnaissance Plan
Extension Request

Dear Mr. Erickson:

The United States Environmental Protection Agency (EPA) has reviewed your January 25, 2011, letter requesting an extension for submittal of the Area 2 field reconnaissance plan due to EPA on January 28, 2011. Although Georgia-Pacific and EPA have had discussions regarding a potential joint Superfund/Great Lakes Legacy Act project in Area 2, no decision on that project has been made. All Area 2 SRI/FS tasks should continue according to the Area 2 Work Plan schedule.

Therefore, EPA grants an extension for submittal of the Area 2 field reconnaissance plan until March 18, 2011. This extension does not change the required Area 2 SRI report submittal date to EPA of November 1, 2012.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
